[GITHUB](#)

- Basic login, signup function and so on
- Automatically login feature
- Beautiful appearance with customized mouse cursor
- Window adaptation written myself

⚙️ SKILLS

- Programming Languages: Java == Godot > C == Python == PHP > C++
- Platform: Linux
- Development: Back-end, PC (with Java or Godot) and common deeplearning programming
- Other: Markdown and Latex writting

👤 SELF-ASSESSMENT

Own great ability on practice, but did not well on curriculum exams mainly in my first year of college. I grasp practical knowledge rapidly while academic ones a little bit slower.

I like exercising and I am used to run several times a week. Besides, I like to use Linux system and I build my own NAS and [anime website](#) recently.
