⚙️ SKILLS

- Programming Languages: Java == Godot > C == Python == PHP > C++
- Platform: Linux
- Development: Back-end, PC (with Java or Godot), and common deep-learning programming
- Other: Markdown and Latex writing

📊 SELF-ASSESSMENT

Own great ability in practice, but did not do well on curriculum exams, mainly in my first year of college. I grasp practical knowledge rapidly, while academic ones are slightly slower. I like exercising, and I am used to running several times a week. Besides, I like to use Linux systems and have built my own NAS.
